The College of Alberta Denturists requires that an individual who wishes to make application for registration as a Provisional Regulated Member and for approval of Supervision Agreement, must have graduated from a College Council approved Denturist Technology training program.

Additionally, these individuals must have graduated from an approved program within four (4) years of making application for registration or have been in an approved internship in another equivalent jurisdiction in Canada for a minimum of six consecutive (6) months within that four year period.

If an individual who wishes to make application for registration as a Provisional Regulated and has graduated from a program more than four years prior to making the application, such an application will not be accepted.
